**MINORITY UNDERGRADUATE RETENTION GRANT
2015-16 ANNUAL REPORT
Higher Educational Aids Board**

The Minority Undergraduate Retention Grant (MURG) Program was established by the State of Wisconsin Legislature in the 1985-87 biennial budget. The first award was made in the 1986-87 academic year. Minority Undergraduate Retention Grants are awarded to Wisconsin resident minority undergraduates, excluding first year students, enrolled at least half-time in Wisconsin Technical College System schools, non-profit independent colleges/universities, and tribal colleges.

Awards are based on financial need, with a minimum grant of \$250 and a maximum grant of \$2,500 per year. According to statute, a minority student is defined as a student who is a Black American, American Indian, Hispanic, or Southeast Asian from Laos, Cambodia, or Vietnam admitted to the United States after December 31, 1975. If eligible, a student may receive the grant for up to eight semesters or 12 quarters.

Funds are allocated to the Wisconsin Technical College System and the Independent/Tribal Colleges and Universities based on the prior year's minority student population as reported by each participating school. For the 2015-16 academic year, sixteen technical colleges, twenty-three non-profit colleges/universities, and both tribal colleges received a Minority Undergraduate Retention Grant allocation. The University of Wisconsin System Administration has a similar program, the Lawton Grant, for students attending a University of Wisconsin institution.

During the 2015-16 academic year, 846 students received a Minority Undergraduate Retention Grant award. 277 grant recipients attended a non-profit, independent college/university or tribal college, and 569 recipients attended a Wisconsin Technical College. To gauge the effectiveness of the program, surveys were sent to both the participating schools and the grant recipients. Results of the participating school survey are found on page 2, and the grant recipient survey results are found on page 7.

The graph and tables throughout this report detail the 2015-16 Minority Undergraduate Retention Grant program:

- Table I: Educational Progress of Grant Recipients as Reported by Participating Schools
- Table II: Top Five Colleges or Universities Based on Funding Provided to Students
- Tables III and V: Spending by Independent/Tribal Schools and WTCS
- Tables IV and VI: Recipient Demographics for Independent/Tribal Schools and WTCS
- Graph I: 2014-15 Student Minority Populations as Reported by Participating Schools
- Table VII: 2015-16 Minority Retention Grant Recipient Survey Results

The data collected and the results of the grant recipient survey demonstrate that the Minority Undergraduate Retention Grant is highly successful. Participating schools reported that 79.93% of grant recipients either completed their degree/certificate programs or will continue to work towards degree/certificate completion during the 2015-16 academic year. All of the grant recipients who responded to the survey indicated that they either earned a degree or certificate during the 2015-16 academic year, or will return to school to continue to pursue their educational goals. In addition, 89.17% of the recipients indicated that they planned to spend the majority of their working life in the state of Wisconsin.

2015-16 Minority Undergraduate Retention Grant Recipient:

“The Undergraduate Retention Grant helped relieve my Family from the pressure of financing my education. It’s giving me confidence in starting my future by helping me avoid a huge burden of debt. Because of this grant, I can work less and put for energy into my studies! It will mean that I’ll be a more knowledgeable and prepared nurse. I know that this grant could mean the difference between staying here in Wisconsin to raise my own family, versus feeling pressured to leave the area for a higher paying job, and it definitely makes pursuit of graduate education a less daunting prospect. I’m really grateful for the support and confidence of the taxpayers of this State, because the grant awarded to me represents their investment in my future. Thank you all for this; I am doing my best to be able to return that investment to my community.”

2015-16 Minority Undergraduate Retention Grant Recipients:

“If I hadn’t received the Minority Retention Grant, I would have had no way to fully pay for my schooling. I work and go to school full time. I don’t make enough money, nor does my family, to send me to university.”

---Amber, Milwaukee Area Technical College

“It helped me pay for my schooling and books. As a student who is paying most expenses out of pocket, it helped relieve some of the pressure. I did not have to worry about how I am going to pay for tuition in addition to paying my personal bills.”

---Linda, Waukesha County Technical College
